Grants Awarded For Highway Safcty Programs

RICHMOND, Va. - Federal grants totaling $43,970 have been awarded to three state agencies for highway safety related programs.

The allocations are available under the U. S. Highway Safety Act of 1966 and its revisions and administered by the Highway Safety Division of Virginia according to Director John T. Hanna.

The Virginia State Health Department received a $37,500 grant for an indepth emergency medical services communications studies to determine what communications system would be most beneficial to the localities & meet federal standards.

The Highway Safety Division was allocated $5,500 to study the effectiveness of written drivers license re-examinations.

The Department of Highways and Transportation received a $970 grant for traffic engineering training.

DATE SET FOR CAMPING SESSION

The Muscular Dystrophy Association will hold a one week resident camping session at Camp Thunderbird in Chesterfield County June 15 through June 22. The camp will accomodate Muscular Dystrophy children from all over the state of Virginia.

One volunteer is needed for each Muscular Dystrophy child to assist him in the enjoyment of horseback riding, swimming, boating, fishing, archery, riflery, crafts and much more. One hundred applicants are needed. If you like children, like to have fun and want to do something meaningful this summer call (804) 262-1082 or write to MDA, Inc., Suite 122; 5021 Brook Rd., Richmond, Va. 23227.

VDAC Issues Report on Availability of Canning Jar Lids

The Virginia Department of Agriculture and Commerce (VDAC) has released findings of a "Report on Supply of Home Canning Jar Lids in Virginia," as directed by a Senate Resolution, passed during the last session of the General Assembly. The study was conducted from April 14-May 1 and the report prepared by VDAC's Division of Markets.

"The findings indicate that the supply of replacement lids for home canning jars in most retail food stores in Virginia is currently less than adequate to meet the tremendous increase in demand. However, additional shipments will be arriving as the home canning season approaches. Manufacturers are making every effort to meet the increased demand. The earlier tinplate shortage has been relieved. The biggest problem is thought by many of those contacted to be individuals who are buying more than they need either through over-precaution or with intent to resell the lids at a high profit," the report stated.

S. Mason Carbaugh, VDAC Commissioner, said, "I think this report shows that although supplies will be tight part-year, there should be adequate canning jar lids to meet the needs if home canners will exercise prudence. I urge consumers to buy only the supplies they will need, as they are needed, and refrain from hoarding."

The report said that unlike last year, there were no problems reported with the supply of home canning jars with lids attached. Additional manufacturers are making jars for home canning this year, also.

Annual Meeting Fidelity American Bankshares Held

LYNCHBURG, April 24, 1975 - First quarter results for Fidelity American Bankshares, Inc. were released by Alvin R. Clements, President, at the company's annual meeting held yesterday at the Fine Arts Center in Lynchburg.

Operating earnings for the first quarter were $1,088,238 or $0.41 per share, compared with $1,184,640 or $0.44 in the first quarter of 1974. Clements pointed out that these operating earnings represent a definite improvement over the trend through the last three quarters of 1974. Furthermore, net earnings for the period ending March 31, 1975 were $1,181,105 or $0.45 per share compared to 1974 first quarter net earnings of $1,184,955 or $0.44 per share. This represents the best quarterly earnings performance by the company since the first quarter of 1973. It was pointed out that every effort is being made to ensure a continued positive trend through the careful monitoring of asset quality and yields.

In his address to the stockholders, Clements stated that Fidelity American Bankshares had made a further reduction in the short-term debt during the past three months of some $17 million. This will have the positive effect of stabilizing the debt position of the company and reducing interest expense.

Expenses are being further reduced by the purchase of the computer equipment of the company's data processing subsidiary, Fidelity American Computer Services. Fidelity American Leasing Corp. and the Columbia Mortgage Company have been sold to the lead bank, The Fidelity National Bank, which will further reduce the expenses of those two subsidiaries.

Recognizing that the national economy is just starting to show signs of improvement, Clements said that management had deemed it prudent to increase reserves for potential loan losses by $611,000 in the first quarter. He further stated that he believes that the company is doing an effective job of identifying problem loans and that realistic reserves are being maintained to cover potential losses.

Speeding Arrests Continue To Rise

RICHMOND - State Police arrests for speeding during the first quarter of 1975 were sharply up, Colonel H. W. Burgess, the Department's Superintendent, reported today.

Colonel Burgess noted that these arrests numbered 53,322, a substantial increase over the 28,664 and 31,960 for the same periods of 1973 and 1974. He said 1975 speeding arrests, which include all types of speed violations and not only those of the 55 mile per hour limit, numbered 16,261 in January, 17,295 in February and 19,766 in March.

Deaths for the first three months of 1973 numbered 256, for 1974, 227 and for 1975 220. Traffic volumes for the 1975 period were about six percent above those for the same period of 1974.

Colonel Burgess added that 7,739 of the 1975 arrests were against drivers of commercial vehicles and that the Department now has 108 of the new mobile radars in use. These devices, he explained, operate from a moving patrol car and can register the speed of an oncoming car, giving an audible signal if the driver is in violation.
